Honorable Judge Zabel,

You and I don't no if I'm even suppose to be doing this with out my Attorney's permission but I just have to get some of this stuff out of my system I've been incarcerated since March 9 of 2004 and I've been trying to get a bail hearing over since my magistrate Quatwood denied me for being a danger to the community but said I'm not a flight risk and I also believe he denied me for opening a open Suffolk Superior Court case open that I had going on for 3 years that I was out on bail for 10,000 and the case got dismissed in November of 2004. I talked to my attorney this past weekend, Mr. Elliot Weinstein about this situation and he's telling me that since you denied my motion to surpress he doesn't believe that you will give me a bail but I to let him let you tell me no. I'm entitled to that hearing. He has spoken to my family and they are willing to put the house up if that is needed and home confinement is fine with them until my trial date. I have

been incarcerated before and come in from the street once I got my sentence. Plus if my mom puts her house up, I would never do anything for her to lose what she has worked for her entire life. I have explained to Mr. Weinstein that I have 3 children ages 11-12 the girls and my son (16 months) who I can't even see every minute, kiss or hold him. I'm not on the birth certificate because he was born while I've been incarcerated. It's just been a night here for me. Mr. Weinstein is facing his own family problems and he told me my trial date won't be until after the new year that's why I decided to write you to see if you could do anything for me at this time.

Respectfully yours
Earl Dickerson
